

Advanced Technology Services, Inc. Recognized by Eaton with a Supplier Excellence Award

PEORIA, IL (December 14, 2016) – Advanced Technology Services, Inc. (ATS), a leader in industrial services specializing in technology-driven equipment maintenance, industrial parts management, and IT support, today announced that it is one of six companies to receive Eaton Corporation’s prestigious Supplier Excellence Award. To achieve the Supplier Excellence Award distinction, suppliers must achieve the highest level of quality, cost effectiveness and on time delivery as well as distinguish their organization as proven game changers and leaders in their field.

“It’s an honor to recognize this significant group of suppliers for their commitment to excellence. The Supplier Excellence Awards are reserved for Eaton’s best suppliers across the enterprise,” said Rogerio Branco, Eaton senior vice president, Supply Chain Management. “We appreciate all of our suppliers for their assistance establishing Eaton as a leading global power management company and look forward to their continued success.”

“The Eaton Supplier Excellence Award is a tremendous honor, especially because it is given to such a small fraction of Eaton’s supplier base each year,” said Jeff Owens, Chief Executive Officer of Advanced Technology Services. “Supported by some truly exceptional technology, our Eaton team exhibits innovation, talent and energy on a daily basis. Eaton Corporation clearly appreciates the contributions this team makes, as do all of us here at ATS.”

About Advanced Technology Services:
