

CALIBRATION & QUALITY SERVICES

MITIGATE RISK AND DRIVE CONTINUOUS IMPROVEMENT

More than just equipment calibration

If it measures, it should be calibrated. If it's damaged or out of calibration, it should be retired or repaired. ATS' experienced technicians perform equipment calibration either on-site or in our accredited labs ensuring traceability to the relevant standards. Documentation is updated and advice given on calibration frequencies. When necessary, our technicians can also perform an extensive range of repair work.

ATS' quality services extend beyond equipment calibration. We manage calibration systems through our web-based eCalibration Pro package and can undertake gauge crib management. We can support and perform measurement systems analysis work, such as GR&R studies and SPC investigations and also offer a range of inspection services.

Accreditation and Compliance

ATS' equipment calibration services keep you compliant with formal system requirements from ISO-9001, IATF-16949, AS9100, to special processes like NADCAP.

Our labs operate under an ISO/IEC 17025 quality management system and have NIST-traceable measurement systems. This accreditation guarantees the technical competence of our people and the integrity of our systems.

OUR CALIBRATION SERVICES:

- + Meet ISO quality requirements
- + Certify and/or repair instrumentation gauging and testing cells
- + Mitigate risk
- + Manage assets
- + Provide cost saving initiatives
- + Improve productivity
- + Drive continuous improvement

Top Parts We Calibrate

We offer quality electronic and mechanical parts repair and calibration services for 1,000+ OEM brands at our state-of-the-art, ISO 9001 & [ISO 17025](#) accredited facilities.

- Analog multimeters
- Calipers
- Chart recorders
- Clamp-on ammeters
- Data loggers
- Dial indicators
- Digital multimeters
- Force gauges
- Frequency counters
- Micrometers
- Network analyzers
- Oscilloscopes
- Panel meters
- Power analyzers
- Power supplies
- Pressure gauges
- Signal generators
- Spectrum analyzers
- Strain gauge conditioners
- Temperature controllers
- Temperature indicators
- Thermocouple calibrators
- Torque wrenches
- VOMs

PROUD PARTNER OF THE FOLLOWING OEMs:

- + L.S. Starrett Co.
- + Vermont Gage Co.
- + Fowler
- + Gage Assembly Co.
