Sensor Technology Comparison

ATS Machine Health Monitoring System

Wireless Sensors	✓ Included
Full Spectral Vibration Monitoring	✓ Included
Temperature Monitoring	✓ Included
Simple Magnetic Mount	✓ Included
Water & Dust Resistant Enclosure (IP67)	✓ Included
Cloud-Based Software	✓ Included
Email, Phone & Text Alerts	✓ Included
Easy to Understand Dashboards	✓ Included
Closed Network Security	✓ Included
Low Monthly Subscription	✓ Included
ROI Modeling & Success Tracking	✓ Included

	ATS	Competitors
Expert Installation with Zero Downtime	✔ Included	✖ Not Included
Unlimited User Licenses	✔ Included	✖ Not Included
Prescriptive Actions from Reliability Engineers	✔ Included	✖ Not Included
Free Upgrades & Replacements	✔ Included	✖ Not Included
Lifetime Hardware Warranty	✔ Included	✖ Not Included

What Sets ATS Apart?

Simply put, we make factories run better and smarter by leveraging our more than three decades of industrial maintenance and reliability expertise across many of the industry's leading manufacturers.

And unlike other subscription-based sensor programs, ours is driven by the **ATS Reliability 360° Technology Center** which provides manufacturers the engineering, data analytics and actionable support they need to eliminate unplanned downtime, increase productivity, improve efficiency and reduce cost.
