Proven Impact of Short-Term Maintenance Projects & Support

When unexpected gaps or shifting demands put pressure on your operations, ATS delivers the skilled support you need to keep production running smoothly. Our short-term services are built for speed, flexibility and reliability—helping you maintain momentum across your operations without sacrificing safety or quality. Whether filling one role or scaling up a full team, we act as an extension of your workforce with the focus and follow-through you expect from a trusted partner.

SKILLED & SUPPORTIVE TALENT

“The ATS team consistently delivered quality work, remained engaged and was open to training others. Communication was excellent, and safety protocols were followed without the need for reminders.”

—Facilities & Engineering Manager, Leading Building Materials Manufacturer

TRUSTED SHORT-TERM SUPPORT

“This has been a great solution for short-term gaps. It’s been a pleasure working with the site leadership and regional business manager, and I’m happy to be working with ATS.”

—Engineering Manager, Fortune 500 Manufacturer

SKILLED TECHNICIANS, PROVEN RESULTS

“ATS provided valuable support during a period of high demand for maintenance technicians in our area. The technicians were well-qualified and brought a higher level of skill that made a noticeable impact.”

—Plant Manager, Leading CPG Manufacturer

ALWAYS WILLING, ALWAYS CAPABLE

“I would absolutely recommend ATS to any facility needing the services they offer. The team is responsive and respectful. I have full confidence in their ability to handle whatever is needed.”

—Production Facilitator, Fortune 500 Manufacturer

CUSTOMER-FIRST APPROACH

“ATS has shown a strong ability to adapt to our expectations, rather than expecting us to conform to theirs.”

—Auto Manufacturing Dept. Manager, Fortune 500 Manufacturer

RELIABLE SUPPORT, BUILT ON TRUST

“ATS has provided reliable, responsive talent with strong workmanship that we value and trust to operate with our needs in focus.”

—Lean Manufacturing Engineer, Fortune 500 Manufacturer

SUCCESS THROUGH COLLABORATION

“The on-site team genuinely cares and works with our success in mind. I’m impressed with what we’re able to accomplish together through that shared commitment.”

—Aerosols Planner, Leading CPG Manufacturer

CLEAR, CONSISTENT COMMUNICATION

“Communication between the ATS team and our staff has been extremely good. They attend daily tier meetings and communicate very well with the team.”

—EHS Manager, Leading Power Distribution Manufacturer
