With proactive communication, dependable turnaround times and expertise in both current and legacy equipment, our repair services provide measurable value while supporting long-term reliability.

PROACTIVE UPDATES

“ATS often provides updates on repairs before they’re even requested. It’s reassuring to see progress being made on repairs for critical down machines.”

—Maintenance Specialist, Fortune 500 Manufacturer

CLEAR EXPECTATIONS

“ATS works closely with us to ensure we know what to expect when parts are sent out for repair. They consistently look for solutions to our repair needs and often improve on quoted lead times.”

—Specialist, Fortune 500 Manufacturer

DEDICATED SUPPORT

“ATS provided a dedicated coordinator to facilitate communication with the spare parts and repair area, which has been a great help. The team does an excellent job supporting us, even working to repair older equipment and successfully maintaining legacy hardware.”

—Maintenance Specialist, Leading CPG Manufacturer

STRONG COLLABORATION

“Our storeroom and on-site repair group is excellent at working with us and resolving issues for everyone’s benefit. Communication is smooth in both directions, and we work well together with ATS repair and storeroom support.”

—TNA Planner, Leading Tire and Rubber Manufacturer

RELIABLE COMMUNICATION

“ATS does an excellent job communicating about items out for repair and ensuring availability when support is needed. They’ve also done a strong job identifying items that can be repaired.”

—Purchasing Manager, Leading Building Materials Manufacturer

INTEGRATED PARTNERSHIP

“ATS is instrumental in our success with repairs and warranty tracking. They’re fully integrated into our SAP system and do a great job adapting to our demands and requirements.”

—MRO Buyer, Leading Tire & Rubber Manufacturer

EVERY REPAIR NEED ADDRESSED

“ATS has been able to address every service need this year, providing support both with part restoration and with tracking repair history. I’ve had no issues with the work performed and have been very satisfied with the quality and capability shown on the items serviced.”

—Maintenance Specialist, Fortune 500 Manufacturer

QUICK TURNAROUND, QUALITY REPAIRS

“ATS understands the importance of quick turnaround on critical repairs and returns equipment in a timely manner. Their detailed paperwork and continuous process improvements show a commitment to quality, and they’re always willing to collaborate on solutions.”

—Maintenance Specialist, Fortune 500 Manufacturer
